

STORMY SESSION IN HOUSE OVER NAVY INCREASE

House Stands Behind President Harding in Final Test

(By The Associated Press)

WASHINGTON, April 19.—By the margin of 71 votes the house tonight broke away from its own leadership, stood behind the president and passed the 1922 naval appropriation bill with an amendment increasing the enlisted personnel \$6,000.

The vote on the McArthur amendment, the big point of dispute and which increased the man force from 67,000 as provided in the bill, was 221 to 148, with two members answering present. Ninety Republicans voted against \$6,000 amendment and 48 Democrats supported it.

With the fighting section out of the way the bill was put on its passage and went thru, 279 to 78. As amended the measure carried a total of \$251,269,000 or \$18,000 more than the total fixed by the appropriations committee which framed it. It goes now to the senate with the charge by Chairman Kelley of the naval appropriations sub-committee that many millions will be added and which would have been asked to add "had not the big navy men changed front at the last."

Among the Republicans who voted against \$6,000 personnel amendment were:

Bois, Brooks, Illinois; Cannon, Cole, Iowa; Denison, Dickinson, Dowell, Funk, Green, Iowa; Haughen, Hull, James, Kelly, Michigan; Kilham, King, Kopp, McLaughlin, Michigan; Madden, Mann, Mapes, Michener, Mondell, Ramseyer, Shaw, Sproul, Townner, Volstead, Wood, Indiana, Woodruff.

No Democratic members from Illinois, Iowa or Michigan voted for the amendment.

Representative London, Socialist, New York, voted against the amendment.

Republicans paired against the amendment were: Lampert, Michigan; Smith, Idaho; Taylor, Kansas; Young, Utah.

As compared with the ninety Republicans who voted against the amendment 173 Republicans voted for it and 16 others were paired for it. Against the 48 Democrats who voted for the amendment were 47 Democrats against it and 14 others were paired against it.

Except on two occasions the session was harmonious. Once Chairman Kelley broke loose in what members characterized as a vicious attack on the "navy yard combination," charging that despite the arms conference there were still demands from navy yard and aviation project districts for more money than was carried in the bill. The house was in a tumult as he declared that everywhere the feeling seemed to be that the purpose of the arms conference was to build up and provide more work for the government plants.

The other clash developed when Mr. Kelley presented a letter from Secretary Denby in which it was stated that the added cost to the bill thru increasing the enlisted force by 19,000 men would be around \$50,000,000.

Copies of the letter had been received meanwhile by others and while Mr. Kelley was discussing the figures and after he had announced he would read the letter Republicans shouted to him to go ahead.

Mr. Denby explained that increases already put into the bill provided for pay and subsistence of the larger personnel, that no addition for clothing would be needed and that the them for transportation and recruiting ought to be increased by \$6,000,000.

Mr. Denby's increases included: Engineering, \$4,781,000; Construction and repair, \$4,241,000; Ordnance, \$1,200,000; Supplies and accounts \$600,000; Fuel and transportation, 3,894,000 and yards and docks \$1,250,000.

Chairman Madden of the appropriations committee declared that the cost of the increase would reach \$60,000,000 and Chairman Kelley asserted it would run beyond \$70,000,000.

No roll call was demanded on the swing amendment increasing from approximately \$15,000,000 to \$19,000,000 the pay for officers and men.

STEAMER GOES AROUND IN STORM

SAULT STE MARIE, Mich., April 9.—An unidentified steamer went aground near White Fish point in Lake Superior today, according to a radio message from the White Fish point station. The vessel was described as a three-masted freighter. A north-west gale swept the lake throughout the afternoon.

ILLINOIS U. WINS CHAMPIONSHIP, 5 TO 1

FROM WARASH, 5 TO 1

CHAMPAIGN, Ill., April 19.—The University of Illinois defeated Warash College 5 to 1 today in a practice baseball game. Banker, pitching for Illinois, retired 15 men and allowed two bases on balls.

DODGE AND EARL FOUND GUILTY IN KALAMAZOO COURT

Convicted of Transporting Liquor in Illegal Manner

(By The Associated Press)

KALAMAZOO, Mich., April 19.—John Duval Dodge, Detroit millionaire and Rex Earl, an architect of Kalamazoo, were convicted in circuit court today on a charge of illegally possessing, transporting and furnishing liquor. Attorneys for the defendants immediately gave notice of appeal and Judge Welmer withheld sentence.

The charges against Dodge and Earl resulted from a midnight automobile ride here on the night of March 11, when they invited three young women into their car and drove them against their protests into the country. During the ride the three girls testified they were offered liquor.

The prosecution rested during the forenoon session after Miss Loella Wanser, a newspaper reporter testified Dodge and Earl admitted shortly after their arrest that they carried liquor and that drinks had been offered their girl passengers. The defense called but one witness, Judge Blankenbush, before whom Dodge and Earl were recently acquitted of driving an automobile while intoxicated. The attorneys sought to show acquittal in the previous case but the testimony was ruled out as irrelevant. Dodge and Earl are liable to sentence to one year's imprisonment or \$1,000 fine and costs, or both in the discretion of the trial judge.

WOING OF ELSIE IS TOO STRENUOUS FOR MR. CONNOLLY

Large Housemaid Adopts Rough Tactics With Small Ice Man

(By The Associated Press)

KANSAS CITY, Mo., April 19.—Martin Connolly is a small ice man and Elsie Rogers is a large housemaid. Yesterday a policeman found Elsie mopping up the ice wagon with Martin. Both were in municipal court today.

"She is all the time following me on my ice route," Connolly told the judge. "She wants me to marry her but I don't love her. Yesterday she threatened to kill me if I didn't get a marriage license."

Elsie said that was right. Jealousy prompted her, she said. In court she asked Martin whether he wouldn't change his mind. Martin said, "no."

"You're too rough," he added. Judge Fleming fined both \$20.

SUPREME COURT KILLS ORDINANCE

(By The Associated Press)

SPRINGFIELD, Ill., April 19.—Chicago's restaurant license ordinance was declared invalid by the state supreme court today in the test case which grew out of the closing of Colosimo's Restaurant by the police in October 1920, several months after the unsolved murder of Diamond "Jim" Colosimo, picturesque proprietor of the famous cafe.

The test was made by administrators of the estate of "Diamond Jim." Affirming the decision of the lower court the supreme court held that "the act of the mayor and police in closing the restaurant was unlawful" and that the city had no authority to require restaurants to pay license fees as provided in the Chicago ordinance.

TARIFF BILL TO BE CALLED UP TODAY

WASHINGTON, April 19.—The administration tariff bill is to be called up tomorrow in the senate but in the absence of Senator McCumber, Republican who is to have charge of it the program for its consideration tonight was indefinite. Senator McCumber returned from North Dakota planned to be on hand in time to pilot the bill's course from the outset. Some senators on the finance committee hoped that the usual reading of the measure could be dispensed with but since this would require unanimous consent, they were not optimistic.

If the reading of the 440 page document is insisted upon there will not be much more than that accomplished tomorrow.

CRUSADERS ARRIVE AT DAYTON OHIO

DAYTON, O., April 19.—The children's crusade for amnesty arrived in Dayton today enroute from St. Louis to Washington to ask liberty for 113 political prisoners. The crusade is composed of women and children who are seeking freedom for husbands and fathers.

INJUNCTION DISSOLVED BY JUDGE BAIRD

LOCKHAVEN, Pa., April 19.—Judge E. H. Baird today dissolved an injunction restraining the Kettle Creek Coal company from evicting 40 families of soft coal mine workers from the company houses at Rittummen. The miners have refused to work for some time.

STORMY TIMES AHEAD FOR NEW GERMAN TREATY

Pact with Russia to be Taken up by Reparations Commission

(By The Associated Press)

PARIS, April 19.—The treaty between Germany and Russia signed at Rapallo last Sunday probably will be formally placed before the reparations commission next Friday when the commission will begin an inquiry to determine whether the agreement conflicts with the treaty of Versailles.

In commission circles this evening it was pointed out that the commission probably would decide that the Rapallo pact was in direct contravention of Article 248 of the Versailles treaty.

This article in effect gives the commission first line on all assets of the German Empire.

While commission members refrained from formally commenting upon the agreement the general feeling was that the agreement ought to have been submitted to the commission for approval. It was considered probable that the commission would demand in a note to Germany, submission of the treaty. The unofficial view was that Germany had violated article 248 of the treaty of Versailles by applying her assets or resources to purposes other than reparations.

It has been suggested by some experts that the Rapallo agreement might prove a good thing in that it might increase the paying capacity of Germany, but from a political standpoint the effect of its signing was considered as bad. On the other hand it had been pointed out that Germany under the treaty with Russia gives up reparations claims of between 15,000,000 and 20,000,000 gold marks against Russia, thereby reducing her paying capacity by that amount. The latter, it was said to be the one largely held by the commission.

Polish representatives have protested against the Russo-German treaty on the ground that part of Poland which was included in the old Russian Empire has a substantial share in the Russian claim against Germany.

MAY HAVE TO BUY HIS OWN GOODS

(By The Associated Press)

NEWARK, N. J., April 19.—Marshall B. Lloyd, wealthy retired manufacturer of Menominee, Michigan advertised his baby carriage business with this verse:

"There is no chance, no destiny no fate, Can circumvent or hinder or control. The firm resolve of a determined soul."

With this sentiment Mr. Lloyd approached his three score years and ten firm in the conviction that romance would enter his life.

Today he asserted that his conviction had proved correct. Yesterday he announced he had married in New York, Mrs. Tourlette Pollen of Orange, N. J., whose courtship had won his attention when she waited upon him in a novelty shop in Florida this winter. After a honeymoon in California, the couple will live in Menominee.

SEARCHING WOODS FOR POST OFFICE BANDITS

GALENA, Ill., April 19.—A posse led by Sheriff Shipton, tonight was searching the woods near Elizabeth in Jo Daviess county, for two men who are alleged to have robbed Elizabeth post office last night. The robbers escaped in a stolen automobile and later swam the Plum river which is at flood stage.

MISSOURI WON DUAL MEET YESTERDAY

LOS ANGELES, Calif., April 19.—The University of Missouri track and field team defeated the Occidental College team of the latter's field today, 67 to 64. Brutus Hamilton, of Missouri, accounted for 26 points, with four firsts and two seconds.

Unable to Send Food Supplies to Naples

(By The Associated Press)

MEREDOSIA, Ill., April 19.—Flood relief for the village of Naples where the flood has driven all inhabitants from their homes, and has now exhausted their food supply, could not be dispatched from Meredosia today. High winds drove the national guard steamer "Illinois" and auxiliary launches off the water.

Under this wind the Meredosia levee, protecting 8,000 acres and fifty families, gave way. Ample warning had been given and no loss of life was occasioned. Tonight the McGee Drainage levee, across the river is still holding. It protects 18,000 acres and is one of the largest levees on the river. All residents and livestock of the district have been moved to higher ground.

Colonel S. O. Tripp, of the adjutant general's office reached Meredosia intending to go to Naples, but was unable to proceed. He telephoned General Black that supplies at Naples had been exhausted and that there was an immediate need for rations for 400 people.

Farmer Marooned.

BEARDSTOWN, Ill., April 19.—Jesse Lowe, prominent Cass county farmer, whose farm in Cole Creek drainage district is under water, was rescued from his home this afternoon after he had spent thirty six hours in it marooned. All day yesterday and all day today until he was discovered he stood at an upstairs window waving a bed sheet. His boat didn't stay hitched. Mr. Lowe explained tonight. He had come to his all-weather marooned some early yesterday morning and on arriving at a window clambered into the house and left the boat. When he came back to the window the boat had floated away. From the window, Mr. Lowe said he could see workers, and he yelled to them, but they evidently could not hear. Then he got a bed sheet and waved it, and continued shouting and waving till almost exhausted.

BRIEFS

(By The Associated Press)

PEORIA, Ill., April 19.—Several hundred civilians and a company of Illinois National Guard, led by Commander Harry Shay, of the local American Legion post entrained on a special Illinois Traction limited this morning for Morton, Ill., to begin a country wide search for the Rev. W. J. Leach, missing Journal feature writer and Methodist minister who mysteriously disappeared a week ago today.

SPRINGFIELD, Ill., April 19.—A quartet of youthful bandits, 12 and 14 years of age were taken into custody by police today. They confessed to the shooting Friday night of Susie Metz, and said they had started out that night to snatch pocketbooks, to obtain money for a buggy ride on Sunday. Miss Metz refused to drop her pocketbook, they said, so they shot her.

DES MOINES, Iowa, April 19.—Fire of undetermined origin early this morning burned out the interior of the five story Clapp block in the business district. The loss is estimated at more than \$300,000.

A. E. Mentor an attorney was trapped in his office on the fifth floor, but escaped by climbing down the fire escape. He collapsed as he reached the bottom and was found some time later by firemen.

MILWAUKEE, Wis., April 19.—After two years of factional battling, the socialist administration secured control of the common council today when three independent aldermen swung their support Mayor Dan Hoan, socialist, and with the solid party support in the council, re-organized it with socialists in control of all the committees.

PHILADELPHIA, April 19.—Maltreatment and destitution of general in the West Virginia coal fields, according to a report published by investigators for the American Friends Service commission who have returned from a tour of the district. More than 8,000 families with an average of three children to a family are dependent for support on public charity, the report added.

MAC NIDER GETS FRENCH DECORATION

(By The Associated Press)

WASHINGTON, April 19.—The distinguished service order of the American Legion was conferred on Marshall Joffre today by Hansford McNider, National commander of the American Legion.

Commander McNider and five other members of the legion were decorated with the French Legion of Honor through Ambassador Jusserand at a luncheon at the French embassy. Commander McNider was raised from the rank of cavalier which he won on the battlefield to that of commander.

Alton T. Roberts, Marquette, Mich., was one of the others decorated.

WILL SEND ANOTHER PLANE.

LISBON, April 19.—It was announced by the ministry of marine today that if the damage to the hydro-airplane on which the Portuguese aviators have flown to St. Paul's Rocks is not repairable another plane will be sent to enable Captains Coutinho and Casadura to continue their flight to South America.

GERMANY UNABLE TO FIND FORMULA TO PLACATE ALLIES

No Reply from Germany or Russia to Ultimatum

(By The Associated Press)

GENOA, April 19.—The German delegates and experts have not been able to find a formula whereby to compromise with the entente powers without sacrificing the Russo-German treaty, altho they were in session late last night. Efforts are being made to have the conference formulate a Russian policy in which the Russo-German treaty can be absorbed, thus giving it the stamp of conference approval and removing the cause of hard feeling.

The plan language of Premier Lloyd George to the German statesmen today over the treaty incident, which threatened to disrupt the economic conference was believed to have cleared the political atmosphere but as neither the German reply to the allies nor the Russian reply regarding acceptance of the conditions for the restoration of Russia was forthcoming, the situation still is considered critical. Some neutrals described the Germans as embarrassed as how to find a way out of the difficulty. Meantime the work of the conference is blocked. The neutral states have officially insisted that the agenda of the conference be discussed in the commissions and not in private conversations among the chief delegates. To this the leaders rejoin that preliminary meetings are advisable in order to expediate the work.

It is expected that once the Russo-German controversy is disposed of the machinery of the conference will resume operations. The announcement that J. P. Morgan will join the group of bankers to discuss the possibility of floating an international loan for Germany has created an optimistic feeling for the future finances of Europe.

M. Barthou, of the French delegation tonight confirmed that Premier Lloyd George had adopted a strong attitude at today's meeting with the German foreign minister Dr. Rathenau.

M. Barthou said there was no room for equivocation on the part of Germany there was no middle course. If the Germans insisted on maintaining the treaty the French could not deal with them on any of the commissions concerning Russia.

"The most complete accord exists between France and England on the question involved," he said.

The opinion was expressed in French circles tonight that the Germans are anxious to find a way of settlement which will keep them active members of the conference.

MUST KEEP ON PAYING ALIMONY

(By The Associated Press)

SPRINGFIELD, Ill., April 19.—The supreme court today made Henry G. Grimm of Kane county recognize his professed "common law marriage" to Dorothy Grimm. Mrs. Grimm sued for back alimony due as a result of the divorce she obtained in 1919. Her former husband attempted to avoid the payment by asserting that their marriage seven years before had been illegal because it occurred at Crown Point, Ind., only eight months after he had been divorced from another wife.

Inasmuch as he paid part of the alimony before contesting the divorce decree, and also waited the full time required of a divorced man before another marriage the court held that it was up to Grimm to resume his payments to his former wife Dorothy.

LADY ASTOR BACK TO U. S. FOR VISIT

New York, April 19.—Nancy Langhorne Astor, the Virginia girl who married a British nobleman, became the mother of six children and afterward won the first seat in the house of commons ever held by a woman, came back to America today for a short visit.

First she chatted lightly on a dozen topics and then tonight she spoke seriously of women and politics, urging every woman to enter politics.

The beauty for which Lady Astor was famed in her debutante days in Virginia as "Nanny" Langhorne is still a part of her charm. She seemed quite young and happy.

DECREASE IN NUMBER OF REVENUE FREIGHT CARS

WASHINGTON, April 19.—A decrease of 113,000 in the number of "revenue freight cars" load ed during the week of April 8, was reported today to the association of railroad executives. This was due almost entirely to a falling off in shipments of merchandise and "miscellaneous freight" were shown. Coal loadings for the week totaled 69,456, a reduction from the preceding week or more than 115,000.

CONTINUE PROBE OF MILWAUKEE-IRVING STATE BANK MUDDLE

Believe Several Implicated With President in Loan

(By The Associated Press)

CHICAGO, April 19.—Whatever remains of the \$460,000 withdrawn from the Milwaukee-Irving State Bank several months ago according to members of the state's attorney's office is in the hands of Everett R. Peacock the former president and three other persons.

Investigators made this statement today after questioning Peacock, his wife, a former bookkeeper named Nason and H. W. Anderson, former cashier of the bank. The news of the one time shortage which was made up by officers and stockholders of the bank, created little disturbance among the institution's depositors and withdrawals were but little heavier than usual.

Mrs. Peacock said she knew little about her husband's affairs but had turned over to him \$50,000 of her own money to use in his real estate. Nason, the bookkeeper, said, according to investigators, that Albert Gaston secretary of the new bankrupt seed company, Peacock bankrupt seed company, Peacock organized, was in constant touch with Peacock at the bank and directed the manner in which the books should be kept. Nason said, according to investigators, that Albert H. Spierder, former president and director of the bank was also concerned in the alleged transactions.

Peacock today hinted that others were involved in the irregular transactions and admitted borrowing large sums of money, according to investigators.

"I do not deny that I borrowed the money," he said, according to investigators. "I borrowed a lot of money. What I object to is being made the goat. I borrowed the money with the knowledge of the bank officials and some of the directors. I will not say just now whose these men are but it will all come out in the end. They are as much to blame as I am."

SEMENOFF GREETED BY JEERS YESTERDAY

(By The Associated Press)

NEW YORK, April 19.—A demonstration typical of his turbulent Russia, greeted General Gregorie Semenoff, Cossack chief, when he left Ludlow street jail this afternoon.

Released in \$25,000 bail furnished by his friends, the Atman, surrounded by a detachment of the police department's bomb squad appeared at the jail door and cringed into his coat collar as the jeers of thousands fell on his ears.

Ludlow street was black with the crowd which had stood in a driving rain for hours waiting for Semanoff's release.

Hundreds of persons stood on roofs of tenements and hung on fire escape ladders. They were driven off by the police who feared bomb throwing.

Semenoff who has been called the "stoneheart" and accused of murdering American soldiers betrayed nervousness as he descended the jail steps. He kept close to his guards and quickened his step as the crowd, breaking thru the police line at one point gathered around a taxicab at the curb.

He entered the cab accompanied by policemen and was driven away.

SENATE PASSES APPROPRIATION BILL

(By The Associated Press)

WASHINGTON, April 19.—The annual appropriation bill for the state and justice departments carrying \$2,700,000, an increase of \$230,000 over the measure as passed by the house was passed today by the senate and sent to conference.

All increases recommended by the appropriations committee were adopted by the senate. The more important of these included \$200,000 for the executive's "secret funds" for diplomatic emergencies, \$47,750 for American representative on the arms conference commission to revise Chinese tariffs, \$150,000 for prohibition enforcement and \$150,000 for special assistants to the attorney general.

Another appropriation resulting from the arms conference was for \$21,000 for American representation on the commission to investigate extra-territorial rights in China. The senate also adopted an amendment of \$20,000 for the expenses of allied funding debt commission.

MANY ATTEND THE WHITE HOUSE RECEPTION

WASHINGTON, April 19.—More than 4,000 guests attended the reception to the army and navy given tonight at the white house by the President and Mrs. Harding who were assisted in receiving in the Blue Room by Marshall and Madame Joffre of France, the Secretary of War and Mrs. Weeks and the Secretary of the Navy and Mrs. Denby.

Three entrances were used to admit the guests, the reception being described as one of the most brilliant functions of the state social season.

Music was furnished by the marine band.

SIXTY MILE WIND LEAVES DEATH IN WAKE IN CHICAGO

Several Killed, Many Injured and Much Property Damage

(By The Associated Press)

CHICAGO, April 19.—A little girl was killed, another child and man were fatally hurt and scores injured today by a sixty mile wind which, uprooted trees, unroofed houses and destroyed hundreds of windows and signs.

Snow flurries and freezing temperatures followed in the wake of the gale which caused storm warnings to be sent broadcast to mariners.

In the downtown district the tall buildings acted as giant wind scoops, catching the gale and shooting it into streets with such force that pedestrians were swept from their feet. A mounted policeman in one instance was blown from his horse while riding to the rescue of an overturned wagon. On one downtown corner alone seven wagons were overturned by the wind in less than two hours. Many automobile tops were whipped from machines on Michigan Boulevard.

Tonight the fire department was busy in many outlying sections clearing the streets of trees snapped off or uprooted by the wind, fallen signs and wires.

Scores of persons attending a meeting in the Emanuel Baptist Church one of the landmarks on Michigan Boulevard narrowly escaped injury when the top of the spire was blown down and fell thru the roof of the auditorium where a meeting was in progress, accompanied by big blocks or stones. Several persons were injured when the roof of another hall was loosened sending a shower of bricks into the surrounding streets.

During the height of the gale the coast guard began a hard tussle to rescue the Uncle Sam a fishing craft, with four men on board, which became disabled near the mouth of the river. The boat was badly pounded by the waves before the men were taken off. A lookout also was kept for the Halfpint, a small power fishing boat which had been missing since last night. The boat departed yesterday to lay some fishing nets. The crew flurried and the cold weather traveled to United States westward from Manitoba and is now moving east across the lakes.

SEEDING OF SPRING GRAINS IS DELAYED BY CONTINUED RAIN

Matter is Becoming Serious in Missouri and Ohio Valleys

(By The Associated Press)

WASHINGTON, April 19.—Delay in the seeding of spring grains in the lower Missouri and Ohio Valleys due to continued rains is becoming serious the weather bureau said today in its weekly weather and crop review.

Reports to the bureau it was said stated that large areas of farm land were flooded in the Ohio and Central and lower Mississippi Valleys. Weather conditions in Iowa and the great plains region during the week ending yesterday, the period covered by the review, were more favorable than they have been and considerable seeding was accomplished thereview said.

"The continued wet weather," the review continued, "is showing some unfavorable effects on winter wheat on some flat land from the lower Mississippi Valley eastward, where considerable complaint of plants yellowing is noted. Much wheat has been flooded in the Illinois river valley by breaking of the levees."

Corn planting made satisfactory progress in southern states during the week the review said but in the central districts the preparation of soil was practically at a standstill. Unusually low temperatures experienced from the Rocky Mountains westward did considerable damage to fruit bloom.

TELS WHITE STAND PAT AT GENOA

BERLIN, April 19.—"Standpat" is the advice given Chancellor Wirth and foreign Minister Rathenau by the Berlin editors today who are practically a unit in asserting that the German government was wholly within its rights in negotiating the treaty that was signed with Russia at Rapallo last Sunday.

SNOW GENERAL THROUGHOUT WISCONSIN

GREEN BAY, Wis., April 19.—Snow, being blown by a north-west gale was general throughout northeastern Wisconsin and the upper peninsula today. Ironwood, Mich., reported a snow fall of two feet with snow still falling. Escanaba reported snow and rain mixed while further south Keweenaw reported snow.

While Morgan county farmers are feeling sad because continued rains delay the planting of oats, they should remember that good yields have been known in this section from planting as late as May 10. Then there is that other thought that the oat crop isn't very profitable at best.

Beardstown business men with characteristic vigor and foresight are already planning for the rebuilding and strengthening of the levee in a way which will make levee breaks practically impossible. It has quite frequently happened that in a city which suffers disaster or great loss that conditions spur on to still greater effort and years of rapid growth come. It will not be surprising to see Beardstown develop to a great deal more in the next ten years' time than it has in the past ten.

"Boy Crazy"
It's An R-C Picture
It's Great to be Crazy

Just suppose you were a twelve o'clock girl in a nine o'clock town.

And suppose you owned and ran an up-to-the-second haberdashery shop.

And then imagine a handsome man with a duck of a mustache opening a modiste's shop across the street from your store and stealing all the trade from you because all the women in town made the men stop buying from you so they could begin buying from him.

And then suppose you had to take help from him when you were hurt in an accident. Would you end the trade war by marrying him and consolidating the stores?

Doris May, doing all those things in her new picture, will give you more laughs than you ever had in an evening before.

ALSO A GOOD COMEDY
Coming Saturday, a Lois Weber Production, "WHAT'S WORTH WHILE"

said that the Wilson memory is "sadly deficient." Under usual circumstances Mr. Wilson's letter would have brought out violent invective at which Senator Reed is such an adept.

In Chicago they are waging a very vigorous campaign against an to speeders and there is need for such action as the list of casualties for the past six months abundantly proves. Citizens are co-operating with the officers of the law to bring about the needed checking of traffic. When the same co-operative interest is shown by the people in putting a stop to general lawlessness in the big city it will be done.

The city water department is meeting the present emergency by offering to test well water for citizens who desire it. This is a worth while service and one which citizens should appreciate, for in the past it has been a somewhat difficult matter to procure an analysis. As is usually true of good works, the city will profit in the end, for water from the average well will not stand a chemical test for purity and the contamination showings will certainly result in more water consumers for the city of Jacksonville.

The more people think of it, the more they will appreciate what it means to have a filtered water supply available.

THE FOLLY OF POLITICAL DISCORD

As the result of Republican party strife in Sangamon county two central committees have been organized, the minority refusing to abide by the will of the majority. The defeated candidate for the nomination for sheriff is talking of running as an independent. This would be practically certain to bring about Democratic success.

The Springfield Journal is emphasizing the foolishness of continued party strife says:

"It is expected of party factions which submit their candidates to the voters in the primaries that whoever may be defeated shall whither his disappointments, accept the popular verdict and support the victors. If the minority faction had won in the recent primaries its adherents would have expected to receive the support of their opponents for the nominees. Any hesitation on the part of those opponents to support the nominees would be the occasion for a tremendous roar from the crowd which is now bolting without any real provocation. If the present minority faction should win in some future primary they can only hope to win in the succeeding election with the aid of the present majority which they would expect to receive.

"It is very evident that neither faction enjoys a complete monopoly of all the political virtues of the community, nor labors under a burden of all the political vices of this hotbed of partisanship. There are many good men in the ranks of both factions and there are just as bad men in one faction as in the other. Party regularity and good faith with the voters require that those who fall to win shall accept defeat gracefully and abide by the consequences. Unless that policy shall be accepted by all participants, and shall be acted fairly upon, the Republican majority in this county may as well bid farewell to the claim it rightfully enjoys to elect county officials and prepare to surrender the fruits of the victories to which it is entitled."

STATE ARCHIVES HEAD IS NAMED

Miss Margaret Norton Will Head New Division of Illinois State Library.

Announcement was made yesterday by Secretary of State Louis L. Emmerson that he had appointed Miss Margaret C. Norton superintendent of the Illinois state library. This division was created by the last general assembly, and ever since the law became effective, Secretary Emmerson has been searching for some one to fill the position properly.

Miss Norton is from Rockford. She is a graduate of the University of Chicago, where she was given her master's and doctor's degrees and later was graduated from the New York State Library school in scientific library management. Since completing her school work she arranged and cataloged a large collection of manuscripts for the Indiana State Historical Commission and for the last year she has been cataloger and assistant in the Missouri State Historical society.

She was appointed by Secretary Emmerson for the archives division of the Illinois State library on the recommendation of some of the leading librarians of the country.

The purpose of the archives division is to collect and preserve original records and other official manuscripts and to encourage the preservation of official papers by the counties of the state. Some fifteen states have previously established similar archives divisions and the need of this work in Illinois has been pointed out by librarians and others for a number of years. The archives division will occupy quarters in the new Centennial building in connection with the state library, of which Secretary of State Emmerson is ex-officio librarian.

"In the archives division," Miss Norton said today, "will be gathered such documents as original bills passed by the legislature and other original papers in the hands of the secretary of state, the original records of state commissions, letters, proclamations, requisitions, and other state papers and all available source material of interest from a historical standpoint. The division will co-operate with the Illinois State Historical library in this work."

The first archives division in this country was established in Alabama in 1902, and since that time some 15 states have undertaken work of this character. We hope eventually to standardize the preservation of records by local authorities. Some states employ a man who spends his entire time visiting local authorities and aiding them by suggestions in the preservation of important records. A standard paper and a standard ink should be used in the making of records in order that they may be permanent.

"The division is a most important one for historical purposes. Many valuable documents which would throw an interesting side light on American history have been lost because no one was responsible for their preservation. The only way to avoid this is to have a central repository for official documents and someone whose duty it is to prepare, file and preserve them."

We solicit your ice orders and assure you prompt and courteous service.—WALTON & CO. Phone 44.

HENRY SCHAEFER'S WILL PLACED ON RECORD

The will of Henry Schaefer, a long time resident of Meredosia, was placed on record Wednesday in the office of County Clerk Riggs. Mr. Schaefer, who was an undertaker and furniture dealer, made his will July 22, 1913, with F. W. Deppe and Charles H. Schmitt witnessing his signature. Lots 3 and 4 in block 24 of the village of Meredosia, business property, together with the contents was willed to a son, Edward Schaefer, who is also named executor of the will. It is provided further that in view of this bequest that the son is to pay the sum of \$5000 to each of his four sisters. The will also provided for the transfer to the son of a business operated in Chapin.

The testator provided that all other property should be divided equally among the daughters, who are Lulu Inland, Mrs. Emma Berger, Mrs. Minnie Steinberg and Miss Leta Schaeffer, all of Meredosia.

MRS. R. C. FLICKWIR DIES AT COLORADO HOME

Deceased Long a Resident of Beardstown Was Oldest Sister of Dr. F. P. Norbury.

Dr. Frank P. Norbury received word last night of the death of his oldest sister, Mrs. Rebecca C. Flickwir at her home in Primero, Colorado.

Mrs. Flickwir was past 82 years of age and was born in Beardstown, the oldest in the family of Mr. and Mrs. Charles J. Norbury. She was married in 1861 to David Henry Flickwir formerly of Chester, Pennsylvania. Mr. and Mrs. Flickwir first lived at Chandlerville, later at Princeton and then at Beardstown on a farm. Mr. Flickwir died in 1879 after which Mrs. Flickwir lived in Beardstown until 1890 when she took up her residence in Brainerd, Minn. Later she lived with her son Joseph in Colorado.

The deceased is survived by four sons and one daughter, viz: J. W. Flickwir, Assistant Supt. of Motive Power A. T. & S. F. R. R., Los Angeles, California; D. H. Flickwir, in business in Los Angeles; Joseph Flickwir, International Secretary Y. M. C. A., Colorado Fuel and Iron Co., Primero, Colorado; Dr. Arthur H. Flickwir, Houston, Texas, and Mrs. Elizabeth Wallace, widow of Malcolm M. Wallace, of St. Paul, Minnesota. Several grand and great grandchildren also survive her.

Interment was desired at Beardstown, but the flood conditions there make it impossible at this time.

If you have a dress-maker coming, or have a bit of fine sewing to do yourself, let the Community Service Sewing Machine pay you a visit and do the work. Four days of service free.

CONSIDER PLAN FOR PIPE LINE TO GOLF COURSE

W. T. Biggs, assistant engineer of the Chicago & Alton, was a visitor in Jacksonville yesterday, in consultation with Felix E. Farrell, president of the Municipal Golf club. Some time since after a consultation with members of the park board, it was decided by the golf club to ask authority from the Chicago & Alton to lay a two inch water pipe along the Alton right of way from Superior avenue to the golf course at Nichols park.

It has been suggested that in this way connection for securing water for the greens could be made in the most economical way. While this plan has not been fully agreed upon, Mr. Biggs indicated to Mr. Farrell the probability that the railroad will grant the right if desired.

CONGRESSMAN SHAW'S RECORD ENDORSED

Congressional Committee of District Held Meeting Wednesday—R. V. Rowe Elected Chairman.

Republicans of this congressional district met at the Dunlap hotel Wednesday. The various counties of the district were represented, altho it was not possible for several of the counties to the west to send delegates on account of flood conditions. The committee was permanently organized with R. V. Rowe of Jacksonville as chairman and Joseph Lyman of White Hall as secretary.

The convention adopted a resolution approving the record of Congressman Guy L. Shaw and pledged support to bring about his re-election. The necessary arrangements were made for certifying his name to Secretary of State Emmerson as the official party candidate and also for the transmission of the name of H. H. Bancroft as the Republican central committee man from this district.

The Morgan county delegates to the convention were Grant Graff, Roy Mawson, Alfred Anderson, Cloyd Beerup, Hugh Green, R. V. Rowe, E. O. Mortimer, W. H. Petefish, Lloyd Smith and John W. Larson.

The resolutions adopted were as follows:

WHEREAS, on the 4th day of March, 1921, when the present Republican Administration took control of governmental affairs, the whole country was in a chaotic condition, the obligations of the Nation were far below par and the finances of the country in a deplorable condition and the people burdened with indebtedness that seemed insurmountable and our foreign policies were in a worse condition than domestic policies; and,

WHEREAS, the present Administration, under the wise guidance and influence of President Harding, supported by a Republican Congress and Senate, has brought this chaotic condition into order, has restored the confidence of the People and brought back to par the obligations of the United States through the restoration of such confidence, and our relations with other countries have been re-established and our commerce has begun to move in an orderly manner;

THEREFORE, BE IT RESOLVED, by the Republican Congressional Convention for the 20th Congressional District, that we commend the efficient, progressive and constructive legislation and official acts of the present National Administration; that we approve of the official acts of the State Administration; that we approve of the course of Hon. Guy L. Shaw, Member of Congress from this District, and we pledge ourselves to an unceasing effort to re-elect him in November, together with all of the nominees of the Republican party to be voted for in the November election.

THE RESULTS WERE AMAZING SAYS MRS. GAY

Nerousness and Stomach Troubles Entirely Gone and She Feels Fresh and Happy all the Time, Declares Chicago Woman.

"If everybody in Chicago knew what I know about Tanlac, clerks in the drug stores couldn't wrap up the medicine fast enough to supply the demand," said Mrs. Ray Gay, 618 North Austin Ave., Oak Park, a suburb of Chicago, Ill.

"It is simply amazing how quickly Tanlac relieved my troubles and built me up. For years I have been in failing health, all due to my stomach. Nothing agreed with me and I got so nervous I felt at times that my nerves would snap in two.

"Since taking Tanlac I am hungry at all my meals, relish all my food and never have a touch of indigestion. I have gained nearly ten pounds in weight, sleep like a child all night long and get up in the mornings feeling refreshed and happy."

Tanlac is sold in Jacksonville by Coover Drug Store and J. F. Shreve Drug Co., and by leading drug stores everywhere.—Adv.

WOULD CLOSE PORTS TO LIQUOR

(By The Associated Press)

WASHINGTON, April 19.—The federal government in enforcing prohibition would close its ports to the extent of prohibiting the transit in bond thru the country or even the transfer from one ship to another in any of its harbors of liquor intended for consumption as a beverage in a foreign country, Judge Goff, assistant attorney general declared today in arguing cases in the supreme court.

The cases involved a shipment from Canada to Mexico by Hiram Walker and sons of intoxicating liquor to be trans-shipped in bond from Detroit to New Orleans and shipment of liquor by the Anchor Line from Scotland to Bermuda by transfer from one vessel to another in New York Harbor.

Judge Goff explained that in the former case the federal district court at Detroit had held that both the treaty with Great Britain and the revised statutes notwithstanding the 18th amendment the Volstead act had authorized such shipments, but the federal district court at New York in the matter of the transfer had held that both the revised statute section and the treaty with Great Britain which authorized the transit of intoxicating liquors had been repealed and abrogated, respectively.

It is the purpose of the government in presenting the cases to prevent both the trans-shipment and transfer of liquor, Judge Goff stated because of the large amount which while in transit is either pilfered or diverted.

"The United States exerted its sovereign power and withdrew its protection and its recognition of

Liquor as a commodity of commerce," Judge Goff said, adding that the government insisted the language of the 18th amendment excluded the transportation of liquor in bond thru the United States. "All transportation within the jurisdiction of the United States for beverage purposes is prohibited," he continued emphasizing that the exportation of liquor had been prohibited.

SAYS CITIES MAY SELL THEIR SERVICE

(By The Associated Press)

SPRINGFIELD, Ill., April 19.—With three judges dissenting, the state supreme court ruled today that municipalities with "public ownership" utilities may sell their service to other municipalities. The decision was made in a case thru which C. W. Carr sought to restrain the Springfield City Electric plant from selling current to the city of Athens in Menard county, the court upholding the validity of a \$25,000 bond issue to build the transmission line.

The dissenting opinion by Justices Thompson, Carter and Dunn, says that the citizens of Springfield, altho not authorizing the sale of electricity by their vote, are required to assume liability for the failure of the project and are not permitted to sell the service at a price which will yield a profit.

No monopoly on the right to print official statutes of Illinois can be given to any printing company by the general assembly according to a opinion by the state supreme court today in upholding the claim of the Callaghan and Company, Chicago printers in protest against "special privileges" granted to Burdette J. Smith and Company of Chicago by the 52nd general assembly.

Neither the legislature nor the courts can interfere with the constitutional rights of any person to print and sell copies of the state statutes the court in holding as ineffective the act of 1921 naming the Smith concern as official publishers of the statutes.

INFANT'S FUNERAL IS HELD AT BLUFFS

Funeral Services for Son of Mr. and Mrs. Maurice O'Brien Held—Household Science Club Met—Other News Notes

Bluffs, April 19.—Funeral services for Maurice Thomas O'Brien, the ten months old son of Mr. and Mrs. Maurice O'Brien, who died at the home of his parents in the south part of town Sunday afternoon, were held at the church of St. Patrick at 2 o'clock p. m. Tuesday, Father O'Rourke of Mt. Sterling officiating. Burial was made in the Green cemetery.

The Household Science Club held a very pleasant meeting at the home of Mrs. Margaret Tewksbury with the following program: Hostesses Mesdames Margaret Tewksbury, Emma Thompson, G. H. Vannier and Maud Vannier. Response—Garden Ideas. Song—Tramp, Tramp, Tramp. Paper—Sugars, Mrs. Carver. Play—Given by several members of the club. Music—High School Girls. Table Talk—Luncheon Ideas.

Mrs. Ed Henry who has been critically ill for the past three weeks from heart failure and complications is somewhat improved. Her sister, Mrs. Alice Shaner of Michigan, is caring for her.

The Aladdin Cottage being erected by Mrs. Wm. Baulos on Stanton street is springing up like a mushroom and is certainly a fine looking building.

April 18th. The inhabitants of Naples are now entirely surrounded by water on a three acre tract in the north part of the village. The few homes above the high water mark are thrown open to the homeless, and the remainder, as has been stated are in tents. Unless relief comes quickly there will be much distress and suffering among the inhabitants who depend upon daily labor. The inhabitants receive mail via Mercadia once daily, it being transferred by boats. The water is on the standstill today. The old sewer works plant, miles due west of Bluffs is about as far as the water came in 1913. Boats can row far past it now and the beautiful fields of wheat are sheets of water.

Mrs. Linton Tells How Helped Lydia E. Pinkham's Vegetable Compound is at This Period

Denver, Colorado.—"I have taken Lydia E. Pinkham's Vegetable Compound for seven years and I cannot tell you the good it has done me. It is good for young and old and I always keep a bottle of it in the house, for I am at that time of life when it calls for Lydia E. Pinkham's help. My husband saw your ad. in the papers and said 'You have taken everything you can think of, now I want you to take Lydia E. Pinkham's Vegetable Compound.' So I let him get it, and I soon felt better and he told me 'I want you to take about six bottles.' So I did and I keep house and do all my own work and work out by the day and feel fine now. I tell every one about the Vegetable Compound, for so many of my friends thought I wouldn't get well."—Mrs. R. J. LINTON, 1850 West 34th Avenue, Denver, Colorado.

After reading letters like the above, and we are constantly publishing them, why should any woman hesitate to take Lydia E. Pinkham's Vegetable Compound if she is in need of help? It brings relief where other medicines fail.

WILL GIVE PROPERTIES TO HISTORICAL SOCIETY

CHICAGO.—The old furniture and "properties" of McVickers, a Chicago theatrical landmark, soon to be razed to make way for a new playhouse will be presented to the Chicago Historical society, it has been announced by the present owners.

Many quaint theatrical trappings of former days have been unearthed in forgotten property rooms hidden in labyrinthine beneath the state and auditorium as preparations for demolishing the building have progressed. McVickers theater was built in 1857 and although it has been remodelled several times since, the original walls still are standing.

CHICAGO TO HAVE
NEW CITY DIRECTORY

CHICAGO.—(By the Associated Press.)—A city directory is under preparation in Chicago this spring for the first time in five years.

One of the reasons why there has been no directory was stated by Mr. John Fitzpatrick, president of the Chicago Federation of Labor, in a speech before the convention of the Railway Employees Department of the American

can Federation of Labor here this week. He said:

"Tom Donnelly always printed the city directory in his non-union shop. He made a pile of money out of it, but you notice we have not had any directory lately. The union men decided there wouldn't be any."

"When they tried to take the census for it and came to my house, the census-taker says, 'Does Fitzpatrick live here?' I said 'No, my name's Johnson.' 'According to the record Fitzpatrick lives here,' he says. 'No, he moved out to 72nd and Vincent.' And so they got the whole thing so confounded that they had to throw it in the lake and we've never had a directory since."

The 4,000,000 and not the "400" of society support grand opera in Chicago, statistics compiled by the Civic Opera association show. An analysis of the box office reports for the 1922 season has brought the opera officials to the conclusion that persons of moderate means and not the more wealthy forms the bulk of the opera audience.

These conclusions came thru discovery that the cheaper seats last winter generally were sold out for every performance, but that the expensive seats and boxes where society sits frequently were 40 per cent vacant.

The Opera club of Chicago has started work on a new club house which will have one of the largest ball rooms in the middle west. The ball room will be a block long.

S. W. Nichols Writes
Again from Los Angeles

Los Angeles, Calif.,
April 7, 1922.

Dear Journal:

The time for leaving this beautiful, wide awake city is with me May first. We expect to leave for San Francisco the 13th, stay there three days and then to Colorado Springs a day, Denver two days and Kansas City two days and then home Saturday evening, April 29th. Needless to say we shall be glad to greet once more the friends in the dear old home which has been mine so long, nearly sixty years, and Frances' all her life. If we tried to hunt up all the Jacksonville people here we would have to say all summer for it is a large city and distances are great.

Today Will Huffman brought around his fine car and with his wife and daughter took us a superb ride of some fifty miles or more. I can't begin to enumerate the suburbs we visited but among them were Hollywood, Pasadena, Eagle Rock, South Pasadena, and many more.

We passed by the government balloon instruction field but only saw the monsters captive on the ground. We had the pleasure of seeing a flying ship and later saw it after it had alighted. It was a handsome affair and seemed to be first class.

I cannot tell how I am impressed by the grand, expensive homes in Pasadena. Of course people have a right to do what they please with their money but I could never be happy in a gorgeous mansion no matter how rich I might be. I would all the time think of the good that could be done with the surplus, unnecessary tens of thousands expended on the place. And then such grand style never did fit me anyway. I was much pleased with Mr. Metcalf's article on parks and only wish some benevolent capitalists would come forward and make his anticipations genuine realities. Think what a blessing it would be to the city and how many would enjoy the place made so lovely. It will take vastly more than the park board will ever have to spare from their annual allowance for they must keep up the breathing places already in use. Let us hope for the best.

However, Mr. Metcalf must be credited with a genuine, intelligent interest in the parks of Jacksonville. He has given much of his valuable time as a member of the park board and the results are apparent and in that work he has been ably seconded by the other members of the board.

I am pleased with the efforts of John Kearns; he surely is a writer of superior merit. I also rejoice in the success of the auto show, the location and increases of the new clothing factory and all the many signs of improvement and progress in the best place in the west.

I had a very pleasant visit with Mr. and Mrs. Edward Lutke-meyer in their beautiful home on Van Ness street. Mr. Lutke-meyer is city salesman for a wholesale grocery house and has a fine position and a lovely home which he enjoys with his wife, nee Marcia Stott, and daughter.

While the weather has been generally free from rain since we have been here the days have been phenomenally cold and causing us to wear winter clothing and wraps about every day. We keep hoping it will let up some before we leave. While we were out riding this afternoon Will Huffman showed us a beautiful home he has recently bought on a prominent street in Hollywood. It is a large structure made for four families and he will be one of them with his wife and daughter. He is associated with Frank English, son of the late John English.

of Morgan county, in the real estate and loan business and from all appearances he must be doing very well. He surely deserves it for he is a whole-souled gentleman.

During our ride thru Pasadena we passed by several magnificent Christian Science temples. They have an architecture wholly their own and it is elaborate and fine. The grounds about the places were also well kept and ornamental as well.

How many readers of the Journal remember the Young Ladies Athenaeum, the school founded and carried on for some years by the late Prof W. D. Sanders? It attracted to Jacksonville some fine young ladies who will long be remembered by all who knew them.

A few days ago I. A. Stors invited me to hear an afternoon lecture by Dr. Patton, pastor of the First Congregational church in this city and which he attends. While we were waiting for the minister to arrive a gentleman came down from the gallery and said his wife was anxious to know if my name was Sam Nichols as she seemed to recognize me seeing the back of my head.

I told him her surmise was correct and asked him the maiden name of his wife who was Mary Miller of Chicago before she was married. At once I well remembered her as a school girl 55 years ago and when the lecture was over we had a very pleasant visit. I told her she didn't look old enough to be Mary Miller but she satisfied me that she was once. She and her sister Annie were pupils at the Athenaeum and boarded with Henry Wood, then a resident in the brick house southeast corner West College and Kosciusko streets.

Daughter had a pleasant call from Fred and Marguerite Mayer. Fred is with the Sunlight Orange and Marguerite holds a good position with a large and prominent bank and both are doing finely as they deserve.

Several coincidences have happened since we arrived in the city. This is a rather small hotel at which we are staying and there are several hundred more in the city yet we have met here a number who happened in. First were C. A. Root, formerly of Waverly, and his sister, Miss Carrie; then Mr. and Mrs. Clamptis of Denver. Mr. Clamptis is a Jacksonville man, a brother of Dr. Lew H. Clamptis of the Cloverleaf Company. He is a passenger conductor on the Rock Island running out of Denver and is here with his wife. Then one evening we saw on the register the name of Mrs. E. L. Hill, wife of the efficient superintendent of Jacksonville State hospital. Then Mrs. Lowdermilk, a Jacksonville lady took rooms and we were told that John Goltra and wife meant to take rooms later on.

Mr. Huffman said not long since he met Mr. Berte, I think that is the way to spell the name. The gentleman was for two or three seasons manager of our local base ball team. He was bemoaning the death of his friend, George Davis, who used to write up the base ball games so satisfactorily. Mr. Huffman said he told the gentleman that his friend was yet writing for the Journal and the George Davis who had passed away was our former chief of police. He was much relieved for he had a warm place in his heart for George Davis.

I have not bought myself rich with any of the men plating new additions or exploiting new oil wells. I think I shall return home without the investment of a cent in California real estate there are doubtless fine bargains lying around if one only knows where they are.

Some of the people who came out here have done well in that line but they have been prudent, like Mr. Huffman, who waited a year or more before investing at all.

A CLEAR COMPLEXION
Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years stated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit, 15c and 30c.

HEALTH OFFICER MAY BEGIN WORK IN MAY
Dr. Rawlings Head of State Board of Health Here for Conference Wednesday—Dr. Brokaw of Jackson, Mich., Will Be Offered Local Post.
At a conference held in the office of the county commissioners yesterday announcement was made by Dr. Isaac Rawlings, head of the state department of public health, that an all time health officer for this county can probably be secured by May 15. Dr. Rawlings told the county commissioners, Mayor Craytree, H. J. Rodgers, representative of the Red Cross and others who attended the conference that there is a great deal of difficulty in securing a well qualified officer. It had not been fully settled whether the county, city or state department will take the initiative in actually employing the physician, and at the conference yesterday it was determined that it is desirable for the state to select the officer.
Dr. Rawlings for several weeks has been in correspondence with Dr. Brokaw of Jackson, Mich., who has had a number of years' experience in public health work, and it is possible that he may be secured for the Morgan county position. If so the work will begin here about May 15.
Mr. Rodgers told the conference that lack of funds will prevent the Red Cross organization from continuing nursing activities through the county and therefore this work must be carried on under the direction of the all-time health officer.
Dr. Rawlings confessed his disappointment, because the plans up to this time for the health work have been with the thought that the Red Cross would continue its work in this line and cooperate with the health officer's program. Many other details were discussed and it was the expressed hope of the various representatives that it will be possible to begin actual work by May 15.
It will be remembered that this health program is made possible by co-operation of the Rockefeller foundation and the state department of public health, with the county and city. It is the belief of local authorities that beneficial work will be done and that the expense will be less than if the health and sanitary problems were handled in just the usual way.

START COMPARATIVE TRIALS OF GOLF CLUBS
CHICAGO, April 19.—Comparative trials of steel and wooden shafted golf clubs were made today by three expert players before officers of the Western Golf association but a sixty mile gale with snow on its wings made the experiment inconclusive and decision as to whether the steel shafted club should be barred as mechanical appliances was deferred for further tests in fair weather.
Jack Hutchinson, British open golf champion, Laurie Alton of Evansville, another Scotch professional and Chick Evans formerly national champion played several shots into the teeth of the gale with both iron and wood and then did the same with the wind. Several fair shots were made and they indicated little if any difference between the steel and wood shaft.

YANKS DIVIDE WITH RED SOX
BOSTON, April 19.—Boston and New York divided a double header today. Boston hit Mays hard toward the close of the first game and won to 3, and with Hoyt in good condition in the second game New York was victorious 6 to 1. Miller of New York made a home run over the left field fence, a triple and two singles in the second game.
Scores:
First Game:
New York—300 000 060—3 9 1
Boston—000 002 21x—5 10 1
Mays and Schang; Quinn and Walters.
Second Game:
New York—220 101 000—6 13 0
Boston—000 010 000—1 5 3
Hoyt and Schang; Russell, Fullerton and Walters.
BROWNS BROKE INDIANS WINNING STREAK
CLEVELAND, O., April 19.—St. Louis broke Cincinnati's winning streak today by winning 15 to 1. Vangilder held Cleveland to three hits, duplicating his feat of last Saturday when he shutout the White Sox.
Score:
St. Louis—012 010 245—15 20 0
Cleveland—000 000 000—1 3 5
Vangilder and Severid; Covelleskie, Pott, Keefe and Nunamaker, Shinnault.

Hon. Darius A. Brown

higher to reach the maximum of his possibilities. Dr. Brown will deliver three addresses in this city today. All through his life he was greatly helped by his faith in the divine power within him.
From newsboy to mayor sounds like a story by Horatio Alger or a chapter from Arabian Nights. The magic in his life was in doing honest, needful work. The ladder of ascent reaches to the stars. Performance is limited only by vision. True to his highest aspiration, and obedient to God he urged the great within him to open the way to the realization of his vision.
Darius A. Brown, the mayor of Kansas City, cannot forget Darius A. Brown the newsboy, and that is why he is doing great work as leader of the Loyal Order of Moose, who through their giving of four cents a week created a fund of millions with which the city of Mooseheart, Ill., was built and is maintained and where 1,028 children of deceased members of the Loyal Order of Moose are given a home, cared for, trained and educated and taught a useful trade. It costs \$700 a year to care for a child at Mooseheart.

STEWART FUNERAL HELD IN DENVER
The Denver Post of recent date has a picture of Allen Stewart, former resident of this city, who recently died in Denver. The Post made the following reference to the funeral of Mr. Stewart:
The funeral of Allen Stewart, clothing manufacturers' representative, widely known in Colorado, Nebraska and other western states, was held Monday from the Yeager mortuary. Mr. Stewart died Saturday at his home, 3347 Tejon street. He was 48 years old.
Mr. Stewart was interested in the Allen Clothes shop in Denver. He was a member of the Masons, Elks, and Knights of Pythias. The funeral was held under auspices of Harmony lodge No. 41 of the Masons.
He is survived by his widow, Mary Ellabeth, two sons, Allen and Harold and a daughter, Mrs. Rex C. Hall, all of Denver.

WELCH ADDRESSES VIRGINIA C. OF C.
Local Secretary Talks to Members About Water Works—Virginia Organization Very Much Alive.
The second monthly meeting of the Chamber of Commerce of Virginia, was held in the Methodist church there, whose pastor is Rev. D. V. Gowdy, formerly of Jacksonville.
J. W. McIntire presided and the speakers were Harold Welch, secretary of the Jacksonville Chamber of Commerce, Glenn Peterfish, mayor of the city, Rev. Gowdy, Father Dwyer and a number of prominent citizens.
The subject of the meeting was "Water Works," which is a vital subject to Virginia. The Chamber is making rapid strides in development. Quarters have been secured on the south side of the square, where a rest room for tourists, meeting rooms and the offices will be located.
J. E. Hansell, secretary and manager will be given an assistant. They are forming a program of work which will include the water works question, sewer system, new hotel, boulevard lighting system and a camping place for tourists.

NOTICE TO TAX PAYERS
The tax books are now in the collector's office and taxes extended stand as judgments against all parties mentioned therein.
Persons paying on personal property only should pay the tax promptly and avoid trouble and expense in collection. The judgment reads as follows: "In case any person named in said books shall neglect or refuse to pay their personal tax, you shall levy the same by distress and sale of goods and chattels of such persons." Parties paying on real estates should bring their old tax receipts to save time and avoid mistakes. If paying thru the banks, leave your old receipts with your bank as soon as possible.

PRICES IN GENERAL REGISTERED GAINS

By Associated Press.
NEW YORK, April 19.—The
stock market today threw off
many reactionary influences
which prevailed during the greater
part of yesterday's session.
Prices in general registered ex-
treme recoveries of one to five
points on dealings amounting to
1,475,000 shares.

Denials from industrial centers
that the coal strike had made
serious inroads on steel and iron
production, continuance of relaxed
money rates and the partial rally
of international exchanges con-
tributed to the improvement.
Consistency characterized the
initial trading in consequence of
selling pressure but before noon
the list ran into higher ground
under leadership of United States
steel. That stock rose to within a
nominal fraction of par and the
independent steels also responded
to steady absorption.

Motors, equipments, secondary
rails and industrials were again
taken in hand by pools, some scor-
ing record prices of the year.

Adhering to yesterday's course,
all call loans were placed at the
fixed rate of 3 1/2 per cent. Thirty
to ninety day funds were in freer
supply and concessions were made
on gilt-edged merchants paper.

Early firmness of sterling ex-
change originated in the London
market but the advance here was
partially forfeited.

The Paris remittance was
slightly higher and German marks
were firmer. Far eastern exchanges
strengthened on the brisk rise of
bar silver.

Liberty bond dealings were in-
fluenced by realizing for profits.
Total bond sales (par value)
aggregated \$18,755,000.

KANSAS CITY

LIVE STOCK REPORT
Kansas City Stock Yards, April
19.—Live stock receipts, except
for sheep, were practically the
same as a week ago. Prices for
fat cattle continued firm, with
receipts no more than equal to
demand from killers. The supply
of thin steers, cows and heifers
was fairly large, and slightly
abundant requirements at weak
prices. Good many half fat
feeders sold slowly

More Dollar Value Than Ever

SPRING SUITS

\$20 to \$40

Men are weighing, as not for a long time, the value of every dollar against what the dollar will buy. We have always given great values; this season we have "out-valued" the greatest values ever offered here.

A Suit for as little as \$20 represents the "heaping-est" value—more wear and style per dollar than you have received in years.

CHAPIN COTERIE IN REGULAR SESSION

Mrs. W. T. Cowdin Was Hostess to Coterie Members Wednesday Afternoon—Dinner Party at Clark Home—Other Chapin News.

Chapin, April 19.—Mrs. W. T. Cowdin entertained the members of the Coterie Wednesday afternoon, April 19. The roll call was answered with current events. Mrs. Harry Furry of Jacksonville was to have given the paper for the afternoon but was unable to be present and Mrs. E. F. Joy read a Clarence Budington Kelland story, "Wimmin is Wimmin."

During the social hour the hostess served delicious refreshments. The Gleaner class of the Christian church Sunday school served lunch at the sale of the late J. C. McDaniel farm.

H. A. Schattgen of Jacksonville is a business visitor in Chapin Wednesday.

Alden Allen and Miss Martha Lehman were Jacksonville visitors Wednesday afternoon.

Mrs. Elmer Bonds and children of Beardstown are spending some time with Mrs. Bonds' parents, Mr. and Mrs. James Rigor.

The vocational agricultural class of the high school has secured and is planting 2,990 strawberry plants. The plants were obtained at cost thru the state agricultural college.

The high school will show in motion pictures "A Day at the University of Illinois," Friday evening at 8 o'clock at the opera house. In addition a reel on the life, history and control of the chinch bug will be shown.

Mr. and Mrs. Robert Clark entertained at dinner and supper Tuesday honoring Mr. and Mrs. Frank Smith and daughter, Miss Helen, of Beardstown. The day and evening was spent in a social way and the guests thoroughly enjoyed the splendid hospitality of Mr. and Mrs. Clark. Other guests were: Mr. and Mrs. P. H. Ham, Mr. and Mrs. W. S. Brownlow, Mrs. Sarah Heiser, and Mrs. Della Knopp.

ENJOYING VISIT IN

WASHINGTON, D. C.

A. W. Becker, who with Mrs. Becker is in Washington, D. C. for three weeks, has written a Jacksonville friend that they are greatly enjoying their stay at the national capital. "Every American citizen," Mr. Becker wrote, "should be proud of the capital city of their nation. Time will not allow us to see all of it but this will be a most pleasant and valuable trip."

James F. Kennedy and Capt. P. Rogers were here from Chicago to attend the funeral of the late John Noonan.

Mrs. O. M. Petefish of Litchberry was a shopper in Jacksonville yesterday.

CITY READY TO TEST WATER FROM WELLS

Offers to Perform This Service Because of Damage From Flood Conditions.

The statement has been truthfully made that the heavy and continuous rains have resulted in the flowing of a considerable amount of surface water into a great many wells. Realizing this condition, George Stoldt, superintendent of the water and power plant, after consultation with Mayor Crabtree, announced yesterday that tests will be made at the city plant of any well water on request.

Since the filtration plant has been completed, the equipment is available at the city's plant for the testing of water. A call on phone 72 will get the attention of Mr. Stoldt and he will arrange to secure a sample of water from your well and make a test within 18 hours.

This is a service the public will certainly appreciate, as in the past in order to secure analysis of a sample of water it has been necessary to send to the University of Illinois for a container and then forward a sample of water. The process has taken about two weeks' time.

One certain way to avoid well dangers is by the purchase of water from the city.

Smoke Illinois Giants.

PROMINENT MASON DIES IN SPRINGFIELD

William C. Sommers is Found Dead in Bed Wednesday Morning—Local Masons Expect to Attend Funeral.

Julius C. Strawn of this city yesterday received a telegram from A. C. Baxter, commander of Springfield Consistory, containing news of the death of William Sommers. Mr. Sommers was 73 years of age and was found dead in bed at his home Wednesday morning. Decedent was a past commander of the Springfield Consistory and a Past High Priest of the Grand Chapter of Illinois Royal Arch Masons. He also was a 33d degree Mason. He was well known to many local members of Springfield consistory.

Funeral services will be held Friday afternoon. Mr. Strawn expects to attend and probably other members of the Consistory will go from this city.

WITH THE SICK

Miss Elizabeth Scupham of Winchester became a patient at Passavant hospital Wednesday. Miss Isabelle McFarland is confined to her home at 302 North Church street by illness.
